

Dear Flowers Parents,

Thank you for all your hard work to ensure that this school year is safe as possible. We appreciate your efforts to maintain a bubble for the students and staff attending. Please remember that to ensure that this bubble is effective, it is required that your child be limited to only two environments, school and home. Please refrain from exposing your child to other environments, such as extracurricular activities, as agreed upon in the waiver signed at the beginning of the year. A copy of the waiver is included below for your benefit.

Our curriculum currently includes special classes such as dance, yoga, Spanish, etc. and while we understand that extracurricular classes are beneficial to your child's education, we request that they be paused for the time being. If you have any questions feel free to contact Bridget at (352) 870-7656.

We love you and appreciate all that you do to make sure every family that attends is safe and protected. Thank you for being part of our Flowers family!

Team Flowers

#### Fall 2020 Covid-19 Waiver

I, \_\_\_\_\_ agree to send my child \_\_\_\_\_ to Flowers Montessori School starting on \_\_\_\_\_. I understand there is a global pandemic and will not hold Flowers Montessori School responsible if my child becomes ill. I also agree to shelter my child in place at home, limiting their environments to home and school. I agree that by attending the first day of school I will be responsible for the contracted tuition if the school closes due to the pandemic.
